PROFILE

Frontend Engineer | React, Next.js, Angular, TypeScript | ~5 YOE

Full-Stack Engineer (Frontend-focused) with ~5 years of experience in React, Next.js, Angular, TypeScript, and Node.js. Skilled in building scalable web applications, modern architecture, and API integration. Open to remote and relocation opportunities.

WORK EXPERIENCE

Software Engineer

Jul 2022 – Present | Dhaka, Bangladesh

SELISE Group

- Built responsive, pixel-perfect UIs with Next.js, SCSS, and Ant Design, improving design consistency by 25%.
- Built core LMS modules—Coupons, Reporting, and a standalone Affiliate system—streamlining admin workflows and boosting user engagement by 35%.
- Automated content workflows with Storyblok CMS, saving 15+ team hours per month.
- Created interactive dashboards with ChartJS and ExcelJS, improving data clarity and reporting.
- Developed and maintained a scalable ERP frontend using Angular and GraphQL, decreasing wait time by 30% for end users

Junior Software Engineer

Oct 2021 – Jun 2022 | Dhaka, Bangladesh

ReformedTech

- Crafted precise layout implementation, responsive UIs using Next.js and Tailwind CSS, improving cross-device engagement and load time by 30%.
- Converted Figma designs into functional components with interactive features, cutting development time by 20%.
- Implemented secure OAuth 2.0 authentication via Google Console, safeguarding access for 200+ users.
- Launched and optimized key website sections (e.g., Careers, About), boosting user retention and navigation by 10–15%.

Intern

Jan 2021 – Jul 2021 | Dhaka, Bangladesh

eGeneration LTD

- Analyzed and visualized COVID-19 data, delivering timely bulletins for 64 districts to support critical health decisions.
- Improved dashboard usability by fixing key bugs and enhancing UI with Angular, boosting engagement by 15%.
- Collaborated on UI/UX improvements across platforms, increasing user satisfaction and speeding up content access.

SKILLS

Languages & Frameworks — JavaScript, TypeScript, React.js, Next.js, Angular, Express.js, NestJS, GraphQL, REST API
